RAVEX™ HT340M Magnetic Diesel Exhaust Filter Kit

The HT340M Magnetic Diesel Exhaust Filter Kit has all the same benefits as the Mini Magnetic Diesel Exhaust Filter Kit, but with the advantage of being slightly larger - boasting a 300mm diameter fan - which reaches a discharge point of up to 80 metres.

The HT340M is designed to handle hazardous and flammable fumes, and be capable of extracting and forcing air under high pressure.

Another unit that's quick and easy to install, has a long-lasting high efficiency filter element, and complies with COSHH regulations.

Key product features:

- Adaptable to most mobile and static diesel plant and machinery
- Fast installation time
- Universal exhaust fitting
- Quick release filter housing
- No straps required
- Compact and lightweight
- Removes 95% of particulate from diesel engine exhausts
- Long-lasting high efficiency filter element
- Complies with COSHH regulations
- Proven performance

Key applications:

- Basement excavations
- Warehouse construction
- Access plant
